the last man standing

Dave Roever

The last person to die on earth will be Muslim.

She came to me in a dream last night.

I woke with a start and with anger... not at a religion or a woman but at the idea that the, "Death to America! Death to Israel!" gang of Islamic extremists are willing to embrace, "Death to Humanity," to brag that they were the last man standing. I don't believe for one moment that these extremists are as much about Allah Akbar as they are about their arrogance of male dominance of women and religious superiority.

The nightmare was not unprovoked. It was the subconscious mind playing out the reality of the daily news cycle of the very real ambition of the enemy of our faith. They hate Christ, Christians, Israel, America, women and democracy. They murder homosexuals and journalists. They are hell-bent on world domination through force, not choice, and are willing to die for it while taking the entire human race with them. After all, if they are no longer here, what do they have to lose if you, and the rest of humanity, are gone as well?

Yet, here we are with open arms embracing the religious and political radical ideas of the perpetrators of 9/11 as though they are the answers to the questions we are not willing to ask.

There is a story of a cold snake who promised a young boy that he would never bite him if he would pick him up and put him in his shirt. The boy did so and when the snake was warmed, he bit him. With his dying breath, the boy asked the snake, "Why did you bite me? You promised not to hurt me if I warmed you?"

The snake responded with a hiss, "You knew what I was when you picked me up!"

We are holding a snake in our hands and pretending to be safe and secure knowing that what we are embracing will destroy us.

In the last decade, worldwide, 900,000 Christians have been martyred for Christ. That's 90,000 every year... nearly all at the hands of jihadists.

The question I'm willing to ask is... "Who will be the last man standing?"

Warrior Family Camp

It's that time of year — WARRIOR FAMILY CAMP!

The best camp ever! The most productive camp ever!
The most fun and refreshing camp ever!

Family Camp brings the Warriors with their spouses and all the kids together for a week of fun and spiritual renewal. Kids are especially cared for with energetic activities and evening praise and ministry time. Parents are given personal time while kids are swimming and playing outdoor fun games. Then the whole family works together skillfully crafting beautiful projects to remember.

Whole families are brought to Christ, and the swimming pool is filled with baptismal candidates. Wow, what a blessing to the warriors and their families!

You can make it happen! It costs this organization about \$1500.00 in transportation costs, food and lodging to bring an entire family to camp. Without your help we can not succeed!

Many of you have already contributed to this great ministry event. We are grateful. But all of the expenses have not been covered. Don't put it off! Send in your donation today! Let's do this together! All donations of any amount will help bring the Warrior Family Camp to life again this year.

Camp starts in a few days.
A family is waiting for your response to this call.

Will you help me help them?

SERE Training

SERE training is one of the most rigorous training programs for the special forces of the US military.

The acronym stands for Survival, Evasion, Resistance and Escape.

This training is required for all special operators in all branches of service. I encountered this training before my own special operations in Vietnam.

I have taken the principles of this training and applied them in spiritual terms. You can imagine how, across the board, the dynamics of this teaching can be of great value to the body of Christ. Survival, Evasion, Resistance and Escape are of huge meaning in preparing young leaders for the goals set before them.

This program has been tried and proven to be a huge benefit to young leaders who have a powerful relationship with Christ. This is not an evangelistic effort to win the lost in a church/camp setting. This is an effort to disciple the found and train amazing young people to win the lost and be leaders in their youth groups, churches, schools and universities. This summer our SERE program put the "extra in the ordinary" and the "super in the natural."

This is NOT a "one size fits all" training program.

I've utilized training specialists and uniquely designed team building activities to reinforce the participants' ability to stand up against the ungodly bigots, called professors, in secular schools and universities who try to destroy the faith of our youth. We cannot afford to continue to lose most of our church youth the day they step foot onto secular campuses. We are now, through Spiritual Special Warfare Training (SERE), sending them to battle with confidence, armed with powerful weapons of truth for spiritual warfare.

The SERE training session last month included students hand-picked because of their life and love for God and Country. The week was a total success!

SERE training is vital to spiritual survival on secular campuses and the students passed the course with flying colors!

With your support, I will continue to equip the youth of America with knowledge and truth to stand in the face of evil.

Our next SERE training is in need of scholarship funding. For \$395.00 you can send a student through the training of a lifetime...literally!

Can I count on you to send your best gift? Scholarship several students if possible. I'll make every dollar count, that none should perish!

The next sessions will be designated for Youth Pastors and Youth Leaders. Register today!

Space is limited. Call for information.

Border to Border

In September, the Operation Warrior RECONnect team with Matt Roever leading the way, leaves Antlers, ND on the border with Canada and will ride close to 2000 miles to Laredo, TX on our southern border with Mexico.

Why would anyone do such a thing? Simple... To raise awareness of the horror of the 22 veteran suicides EVERYDAY and the one-a-day, EVERYDAY, of our precious active duty warriors throughout the military.

THIS HEMORRHAGING MUST STOP!

Operation Warrior RECONnect is standing up to the challenge! With donor commitments on a per-mile sponsorship, we hope to raise the operational funds to continue the amazing accomplishments our program is known for... suicide prevention. Please pray for the safety of our biking team as they apply "pedal power" with God's power and change the lives of our active duty military and veterans before they end their lives thinking no one cares.

We care!

What a loss when the Warrior does what the enemy could not. Please be a sponsor of this unbelievable effort for our precious military.

Team members will be sharing their true-life stories of the impact of suicide on the family in meetings and churches along the way.

Make your per-mile or one-time donation today!

Get Involved!

National Suicide Prevention Month – September 2019
